- Flight Termination Antennas
- Tri-band Fixed & Mobile Antennas

- Handheld Wiring Analyzer (Cable Tester)
- DUAL FUNCTION - 128 Point Continuity Analysis
- Menu driven touchscreen display
- Save test results, print reports

- Ground Flight Termination Systems
- IRIG Tone FTS Test Sets
- C-Band Radar Transponders
- Transponder Test Sets

- Airborne Telemetry & RF
- Missile Encoders
- Encryption/Decryption
- FTS Flight Termination Rx
- Airborne TM & Comms Antennas
- Low Observable & Conformal Antennas

- Time Displays, Precision Timing Systems
- Range Network Synchronization Solutions
- PTP Grandmaster Clocks, IEEE 1588
- GPS & IRIG Time Code Generators
- Distribution Amplifiers, Count Controllers

- IP & Fiber Gateways & Transports
- Video, Audio, Data, IRIG, PTP Time
- JPEG/3G/4K/HD/SD-SDI/ASI over-IP
- 10 GigE Switches w IEEE-1588 PTP
- Large Scale Live Video Network Distribution

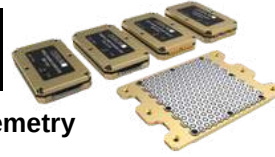

- NetView Ch10 S/W
- Airborne Ethernet Switches
- IRIG Ch10 Recorder
- Rackmount/Portable Telemetry Systems
- MITR Flight Traffic Analysis Recorder

- Data Acquisition Systems
- Recorders or Paper Charts
- Portable or Networked
- DSP/Channel 200 Ksps > 800 Ksps > 50 Msps
- Analog, Bridge, RTD, IEPE, or Universal

- Radars - Air Marine Security Surveillance
- Aircraft Birdstrike Avoidance Radar
- Drone Detection & Defense Systems
- UAS Beyond Line of Sight (BLOS)

- SmallSat CubeSat Telemetry
- Active Phased Array Systems
- Software Defined Radio
- Single Board Computer
- Custom Modulation Ready

- Aluminum & Composite
- Custom Foam Inserts
- Custom Missile Cases
- Best SWaP, Mil-Spec
